Dear beloved Table Tennis players / communities,

It is with great joy that we announce to you that we have finally found our new home to play table tennis.

We didn't want to rush the process leading to the final decision on finding the right facility. Thankfully we were able to find the right place, it's not only better than our previous facility, but it is the right fit for our future in the entire State of Michigan and even nationally to host different table tennis activities. Our new home address is **Cricindo Indoor Arena, 2691 John Rd, Troy, MI 48083**. We are extremely excited about our new club facility and we are going to implement many new ideas that will serve our Table Tennis community and their family members.

We thank you all for your support and patience throughout our journey together, past and present. We could not have done it without you and we expect the same and even more in the future.

Our immediate objectives are:

To recruit a diverse group of children and youth for table tennis training.

To develop several youth teams that can compete across our region and nationally.

To expand to adult and senior citizens as participants and coaches join in.

Please contact me at the address above for further information on MTTA.
